**Beechfield**[®]
ORIGINAL HEADWEAR

Showcasing more than 20 years of fashion, design and manufacturing expertise, our stunning 2018 collection offers the perfect blend of practical features, widespread appeal and must-have colours and styling. TearAway labels and easy-to-decorate surfaces mean big benefits for retailers and re-branders too.

Dozens of caps, beanies and accessories complete a collection that offers classic bestsellers and reworked favourites as well as innovative new styles in the latest fabrics, fits and colourways. Thirty new products add enormous depth, versatility and sales potential to our ranges, which now cover everyone from kids, sports fans and outdoor adventurers through to festival goers and even the most fashion conscious teenagers. Every season is catered for too, with straw hats and super-cool caps for summer, and plenty of casual or workwear options for when temperatures drop.

Exciting highlights include sumptuous new beanies and eight new cap styles, like the trainer-inspired Spacer Marl Stretch-fit Cap or the Urbanwear 6 Panel Cap – a brilliantly updated classic. Air mesh, faux suede and a huge variety of special knits and technical fabrics are all featured in the wider collection, while reflective beanies, patterned Morfs™ and heritage and ombré styles help deliver even more wow factor.

Think Headwear. Think Beechfield.

Beechfield[®]
ORIGINAL HEADWEAR

The rebranding of Beechfield products has never been easier, thanks to our Tear Away labels.

We're always looking to improve our products and we are constantly responding to evolving customer requirements and market demands. Our TearAway labels do just that, answering directly to the growth of the re-branding market.

The TearAway labels comprise a front 'sheet' with brand, style and address information. This is made from easy-tear fabric and can be removed in seconds to leave an unbranded Retail-Ready product. Behind this front sheet are additional sewn-in sheets made from traditional satin-type label fabric. These sheets provide fibre composition data (in 23 European languages), as required by EU regulations, and care instructions by way of internationally recognised care symbols.
